# Your partner in inspection and quality control

checkweigher

2CW11

## Equipment

- Digital electronics with alphanumeric graphic display
- Electronic self-calibration device
- 3 levels password access protection
- Mobile average function
- 100 storable product programs
- 2 RS232 serial ports
- Production data management in conformity with the standards in force
- Conformity with standards ISO - FDA - HACCP - GMP

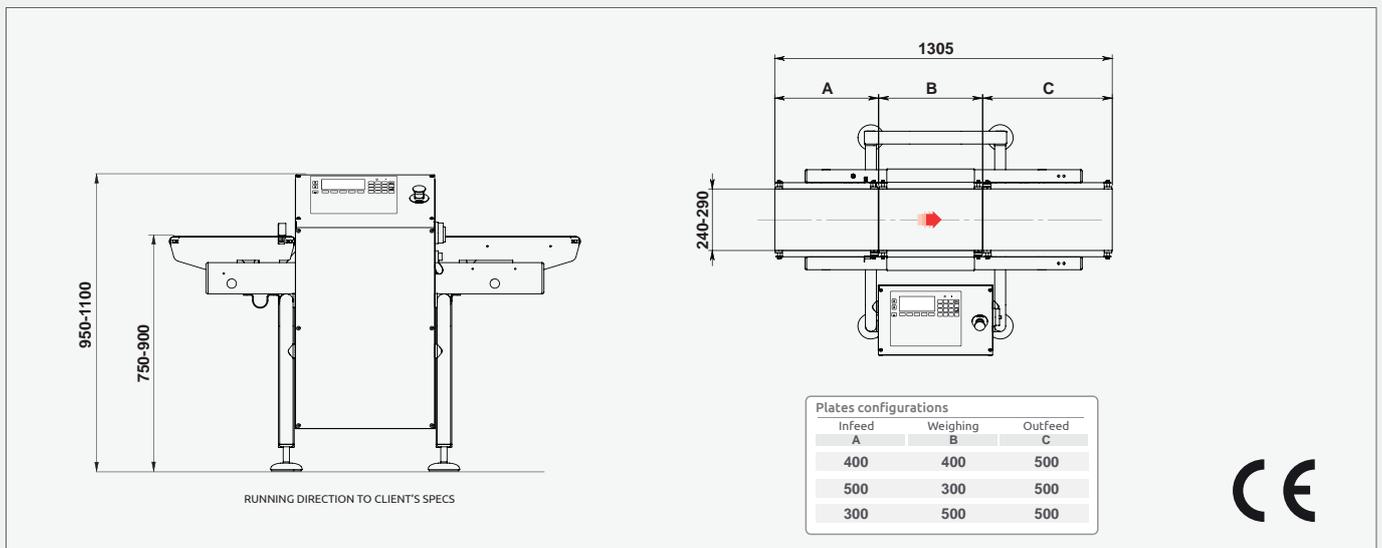

## Optional

- Ejection systems
- Reject management systems
- Wind-prevention tunnel
- 24-columns panel printer
- Alarms notification
- Ethernet interface
- USB interface
- Products programs memory expansion
- Feed-back function
- MID Certification

## Technical Specifications 2CW11

|                                 |  |
|---------------------------------|--|
| Weighing range                  | up to 1500 g                                 |
| Display division                | from 1 g                                     |
| Linear speed                    | up to 40 m/min                               |
| Throughput                      | up to 80 ppm                                 |
| Accuracy*                       | from $\pm 1$ g                               |
| Pneumatic supply                | 0,6 Mpa                                      |
| Air consumption (for ejection)  | 1 NI   |
| Power supply                    | 230V 50/60Hz single phase                    |
| Power consumption               | 700 W  |
| Mirror finishing of metal parts | Stainless Steel IP43                         |
| Climatic environment            | from 5°C up to +40°C non-condensing (closed) |
